

Charlie Crist

FOR U.S. SENATE

Florida Federation of Teenage Republicans
March 15, 2010

My Fellow Republicans:

First, I want to thank all of you for your dedicated involvement to the Republican Party. The Florida Federation of Teenage Republicans has been in existence for over two decades and throughout that time you have continually proven yourselves as outstanding young citizens of this great state and country.

Right now, our country is facing unprecedented economic hardships. It wasn't much more than a year ago, that most Americans feared that our economy would tumble into an economic abyss. As your Governor, it's been my number one priority to revitalize our economy and put unemployed Floridians back to work.

Just the other day, I signed a bill into law that would provide over a billion dollars in relief to 474,000 Florida businesses. That bill alone will affect over 6 million Floridians. Since taking office, I've cut spending by over \$7 billion dollars. I also signed the largest tax cut in Florida's history. Currently, I'm working on a proposal that would provide \$100 million dollars in tax relief for Florida families and businesses. Part of that relief will come in the form of a 10-day back to school tax holiday. That tax relief will directly affect many of you!

My record proves that I am a fiscal conservative and will continue to protect taxpayer dollars in Washington. I believe that when someone runs for office and asks the people for their trust, they can't just talk the talk, they also need to walk the walk. I live by these very words in my every day life. I often joke that I'm one of the cheapest guys you'll ever meet. I take these same principles to work with me every day as your Governor.

Young Republicans are the future of our Party and the future of our country. Today, your government is making decisions that are going to affect the rest of your lives. When in Washington, I will take my conservative principles to stand up to the current administration.

Throughout the years, your organization has proven to be a strong and well organized group. I need your help in my campaign for the United States Senate. Many of you have already been involved and I sincerely thank you for that. We have a lot more work to do, and with the leadership of your great Chairman, Jacob Engels, I know we're going to get it done.

I want to wish you all the very best and I look forward to seeing you soon.

Sincerely,
